In today's competitive job market, internship programs have become increasingly relevant. Many organizations offer internships to provide students with the opportunity to gain practical, real-world experience. These programs offer valuable insights into the skills, abilities, and interests of the interns, benefiting both the candidates and the employer.

Given the advantages of internships, BEL has introduced a Paid internship program for candidates recruited through campus placements. The selected candidates are required to undergo internship program at CRL / BEL.

The following are the structure for the paid internship program:

Stipend and Duration:

- For B.Tech Engineering: A stipend of Rs 30000/- per month will be offered for a minimum period of 4 weeks, extendable up to 6 Months.
- Pre-placement offers will be issued to candidates who are provisionally selected during campus.
- After successful completion of internship & academic program, candidates will be issued provisional offers of appointment at BEL for Permanent Position as a Member Research Staff.

Eligibility Criteria for B.Tech:

1. B.Tech. (Computer Science) students for the post of Member (Research Staff).

Sl. No.	Category	Maximum Age limit as on 01st June, 2025 (in years)	Minimum % of Marks in B.E. /B.Tech.
1	Member (Research Staff)	25 Years	B.Tech in (Computer Science or Equivalent) offered by Institute / University (65% or equivalent CGPA for GEN/EWS/OBC and 55% or equivalent CGPA for SC/ST/PwD) with upper age limit 25 years will be eligible. Candidates having failed in subjects in the previous semester / year are not eligible to appear for Interview. As on the date of the Interview, they should have passed in all subjects of previous semesters/year.

Reservation of the post will be as per Government guidelines.
